REMARKS

The Examiner has required restriction to one of four inventions under 35 U.S.C. §121.

In response to the Examiner's Restriction, applicants elect without traverse Group IV, claims 16-24, directed to a method of treating a patient or ex-vivo cell using the compounds of the present invention. This election is made without waiver of applicants' rights to pursue claims to the non-elected subject matter either in this application or in other applications claiming benefit herefrom.

The Examiner has further required an election under this Group IV of a single compound and a single disease or cell.

Applicants elect compound 2, disclosed in Example 2, page 30 of the specification as filed:

Per the Examiner's requirement of an election of a single disease or cell, applicants elect Alzheimer's disease.

Applicants request that the Examiner enter the above election, and allow the pending claims to pass to issue.

Respectfully submitted,
